

SESSION SCHEDULE 2017-2018

Street School has block scheduling, using a six-week session instead of a traditional semester-style school calendar. At the end of each six-week session, students earn $\frac{1}{2}$ credit in each class. If they complete the requirements of both classes in a six-week session they will earn one credit.

Street School maintains a capacity of 95 enrolled students. At the end of each six-week session we are able to enroll additional students to maintain a capacity of 95.
