

# Back to School Supply Wish List 2019-20 School Year

[www.streetschool.org](http://www.streetschool.org)

Street School relies on school supply donations for our classrooms and students. 64% of student families survive on an income of less than \$27,000 annually and teachers are limited on supplies they can purchase out-of-pocket. Your donations help reduce the stress of back-to-school purchases and make our program the best it can be!
